Dear Sir:

INTRODUCTORY COMMENTS:

This is in response to an Office communication mailed October 19, 2006. Applicant filed Application Serial No. 10/830,164 on April 21, 2004 which is a continuation application from Application Serial No. 09/838,691 (now issued, U.S. Patent No. 6,778,977). Examiner Channavajjala has correctly noted that the Claims on pages 40 through 44, and the Abstract on page 45, have "Application No. 09/838,691" printed on the left top corner (the "Header"). Examiner Channavajjala has requested that Applicant: (a) confirm that pages 40 through 45 belong in the present Application Serial No. 10/830,164; and (b) file corrected Claims and Abstract pages.

The Header appearing on pages 40 through 45 was a typographical error. Applicant apologizes for any confusion the Header may have caused. Applicant also notes that line numbering in the margins of pages 42 through 45 was also inadvertently

included. The substantive text of pages 40 through 45, however, is correct as originally filed.
